

Deter the Crime. Defend the Victim. Defeat the Criminal.

Identity theft is the fastest growing and most lucrative crime in the United States, claiming millions of new victims each year. Everyone is vulnerable. Most people believe identity theft is just about credit card fraud, *it's not*, it's about using your personal information to gain employment, open utilities in your name open new credit, buy homes, or vehicles in your name and even gain access to your health care services. Identity theft is devastating and can take, on average, 330 hours to reverse the damage done to its victims.

The Oklahoma Pharmacists Association is dedicated to our members by providing high quality insurances at highly discounted rates. As part of our commitment we have partnered with a new identity theft protection service provider, **iSekurity**-an industry leader employing more than 200 former federal agents committed to fighting identity theft and fraud. iSekurity provides complete identity theft protection solution with the tools to deter the crime, defend the victim and defeat the criminal. iSekurity provides victim insurance coverage, credit and restoration services, and a promise to aggressively go after the criminal and seek justice should you become victimized.

Identity theft affects 10 million people per year, costs businesses over \$50 billion, and unsuspecting consumers nearly \$5 billion to restore the mess that has been made of their credit and legal identity.

Identity fraud against consumers has reached epidemic proportion and consumers are looking for a solution. By choosing iSekurity, you will be a part of that solution.

Below is a brief description of iSekurity and our services:

Criminal Investigation - A former United States Federal Agent will be assigned to your case launching an aggressive investigation to restore your life, clear your name AND identify, locate and assist in the arrest and prosecution of the criminal. Identity thieves will use your information on average 30 times and the only way to stop the crime is to attack the source – the criminal.

Reverse Bounty Guarantee - If iSekurity cannot identify the person responsible for the identity crime against you within twelve months of the start of our investigation, iSekurity will pay you a reverse bounty of \$11,000.

24/7 Victim Hotline - 24/7 access to the Victim Hotline for reporting identity theft incidents and receiving expert assistance to manage the credit restoration process of restoring your identity and credit records to their pre-fraud state.

Investigative Case Report - A case report, prepared by a former United States Federal Agent, will be provided to the victim and used to expedite the restoration process.

Financial Recovery - \$25,000 financial loss coverage through a national insurance provider covering identity restoration costs such as legal defense expenses, lost wages, notary fees, phone and mailing charges, and loan reapplication fees.

Sekure Scan - A comprehensive "life history" report that includes address history, properties owned, names associated with your Social Security number, weapon permits registered in your name, and other public database information that is used for early detection of identity theft fraud. Within 90 days of enrollment, your in-depth report will be ready to view on your secure member page. Should you find any fraudulent or suspicious activity, notify iSekurity immediately for assistance.

Expert ID Theft and Security Consultation Service - You'll have access to the advice and assistance of an elite team of former United States Federal Agents with investigative expertise in identity theft, fraud and personal security.

Member Wallet ID Card - A Member ID Card with contact information will be provided. This card will also serve as a warning to Identity thieves that the cardholder is protected by iSekurity who will pursue the perpetrator of identity theft crime against its members.

iSekurity has the most comprehensive identity theft protection service in the market today. We provide early detection, insurance coverage, credit and identity restoration services in the event a member becomes a victim, similar to other providers. Unlike other providers, we investigate the fraud against our members and identify and locate the criminal and assist in their arrest and prosecution. Identity theft is a crime and we know that the only real way to stop the impact of a crime is to stop the criminal.

We encourage all of you to educate yourselves on the severity of this crime. The OPhA has negotiated a special pricing program for all OPhA members, family and friends. All of the information on iSekurity can be found on <https://www.isekurity.com/oph>. We ask that you consider this service to protect yourself from this potentially catastrophic crime.

If you have any questions, please contact the iSekurity Command Center directly at 877.838.5734.
